RARE NUMISMATIC LITERATURE

1035 18th Avenue S.E.
Minneapolis, MN 55414
(612) 379-0761

Welcome to our third fixed price list of Numismatic books, catalogues and periodicals. This price list consists of the Murray Singer Library and 17 other consignors who put up either part or all of their library for sale. This price list is geared for more recent literature with many important reference works available.

As many of our long time customers may notice the format of this list is much different than ones we have issued in the past. We decided to not include pictures in this catalog because a majority of the books are recent and generally in fine shape. Also instead of putting all books in an alphabetical listing we opted to list the books by consignor. This enabled us to put out the list much quicker and it will also save us time which is a commodity during the school year.

Because of school, sometimes our correspondence may be a little slow and our messages a bit brief but we always enjoy your letters and will continue to answer as quickly as possible. We also invite want lists especially if you do not find what you are looking for in this list.

As many of you know we have moved our office to a new location and now have a new address: 1035 18th Ave. S.E., Mpls., MN 55414, (612) 379-0761. Because of a rather erratic school and lab schedule it may be difficult to reach us during what used to be our regular hours. We do have a phone recorder and urge you to leave your name, phone number and a message so we can be prepared ahead of time.

In the next month after this catalog has been out we will begin a series of monthly-bimonthly mailings of offerings from our inventory or any consignments we receive. In this way we hope to make available books more often. We would like to hear from people on this idea.

Once again we are always interested buyers in complete libraries or individual duplicates. We do request that you send a list of the material you have before shipping it to us. Also we are always in need of consignors either for price lists or mail bid sales. If this would be an attractive way for you to pass on some your literature, please contact us.

We would like to thank everyone who has corresponded and everyone we have transacted business with in the past couple of years, and look forward to more. Thank you and we hope you enjoy this list.
